

TOMGC Rules and Greens December 2022

Above is the group photo from our November 30th event. The year-end banquet/scramble was an absolute hit. A big thank you to Dave Mulgrew for setting it up, Brian Smith for taking care of tournament invitations and scoring, to Bill and Bonnie Jackson for our placemats and name tags, and to our trophy guru, Mike Martens for making sure all of our trophies were ready for the banquet presentations. And a super special thankyou to our anonymous member who, again, paid the entry fee for the board members who played in the scramble. Thank you for letting us know that what we do matters! And, let's not forget our hosts, please be sure to say thank you to Herb Butler for setup and catering and to Bryon Penfield for the wonderful raffle prizes provided by JC Resorts.

After 14 years of valuable service to the club, Bill Jackson will be leaving his position as secretary. Bill will be very much missed, but we trust that his replacement will be just as dedicated. Bill will be replaced as secretary by Steve Tugwell.

Also joining the board as new members will be Jerry Moskovitz as SCGA Representative, and John Larisey as a committee member at large. (This just means that we don't know what to do with him right now, but we will definitely put him to work.)

We have added a new local rule which goes into effect immediately. Should your ball come to rest in one of our new bunkers, and be in a boot print or dog/coyote print, with the agreement of the guys in your group, you may move the ball to a flat lie, without changing the slope of the original lie.

New for 2023, will be a slight increase in our greens fees. You will now be paying \$55 (with the purchase of the JC Resorts card.) at check-in instead of \$50 you have been paying. This amount will still include your \$8 game and skins fee. Have a wonderful Christmas!
